Summary		
Project:	Revision/update of NAPPO Document 05 - <i>Management of Huanglongbing and its Vector, the Asian Citrus Psyllid, Diaphorina citri.</i>	
Item 1:	Updates on platforms to review NAPPO DD05	
Consensus:	The NAPPO TD informed the EG that the NAPPO Secretariat will create an MS Teams group for the EG to collaborate on the revision of DD05. This group will be created in the next two weeks and EG members will be informed when ready.	
Item 2:	Revision of DD05 -Tasks assignments	
Consensus:	<p>Two options were discussed to work on the revision of DD05:</p> <ol style="list-style-type: none"> 1. Assign specific tasks based on members' interests and expertise. 2. Members from each country will provide comments. Two documents will be generated. One document with all comments from the United States and the second with all the comments from Mexico. <p>The EG agreed with option 2.</p> <p>The NAPPO TD provided the following details on how this work will be done.</p> <ul style="list-style-type: none"> • Documents with added information will be sent to the Secretariat, preferably 7-10 days before the scheduled conference call. • The Secretariat will translate all the information and compile them into two documents, one in English and one in Spanish. This will be the first revised draft of DD05. • The revised draft will be shared with the EG for discussion in the next video conference. 	

	<ul style="list-style-type: none"> The revised draft document will be placed in the MS Teams group the Secretariat will create to continue further revision work using this platform. 	
Item 3:	Other points to consider	
Consensus:	<p>The following were additional discussion points for the EG to consider during the revision of DD05:</p> <ul style="list-style-type: none"> If needed, <i>Ad-hoc</i> members can be included in the EG. These are members with specific expertise. NAPPO AMC members should be informed if <i>Ad-Hoc</i> members are added (Ana Lilia Montealegre in Mexico and Stephanie Dubon in the United States). More sections can be added to the DD05 if the EG considers appropriate. EG should take into consideration the task list as presented in the updated project proposal when doing the revision of DD05 including: <ul style="list-style-type: none"> California activities. Outreach, coordination, visual surveys for Asian citrus psyllid (ACP). Biocontrol Quarantine for ACP Nursery regulations References
